Tav. 5B

This architectural floor plan depicts a multi-story building with a complex internal layout. The plan is oriented with a north arrow pointing towards the top right. The building's footprint is irregular, with a long, narrow section on the right side. The layout includes several rooms of varying sizes, some with internal partitions. A central corridor system provides access to these rooms. A prominent feature is a large, open area in the center, possibly a common room or a large office space. The plan also shows a series of smaller rooms, likely offices or storage spaces, arranged along the perimeter. A central staircase is indicated by a circular symbol with a cross, suggesting a vertical circulation core. The drawing uses fine lines to represent walls, doors, and furniture, providing a detailed view of the building's interior structure.
